Feedback
Check Point is engaged in a continuous effort to improve its documentation.

Please help us by sending your comments (mailto:cp_techpub_feedback@checkpoint.com, subject=Feedback on Compliance 3D Report Release Notes).
Introduction

The Check Point Compliance 3D Report is a tool from the Compliance Software Blade that provides you with a snapshot of your current security status across your Management, Security Gateways and Software Blades. This tool performs a security review based on our extensive library of Check Point Security Best Practices, and summarizes the major Security and Compliance findings.

Read this document before you install.

Sections:

- Downloading the Compliance 3D Report tool 5
- Running the Installer 8
- Logging in to SmartConsole 10
- Generating the Report 11

9. Double-click on the file name
Running the Installer

1. Select Next

2. The Installer needs to be downloaded to the same location as the SmartConsole. Click on Browse to install the tool under the “PROGRAM” folder of the Smart Dashboard (by default, the right path is C:\Program Files\(x86)\CheckPoint\SmartConsole\R[version]\PROGRAM, while R75.4X – your version of the system)

3. Select Next

4. The Installer will extract the Compliance 3D Report tool to the specified location and will open the login page to your SmartConsole
Logging into SmartConsole

1. Enter in the login credentials to access the SmartConsole
2. Enter in the correct IP address of the SmartConsole
3. Select Login
Generating the Report

1. Enter Customer Name
   a. The Customer Name appears in the report

2. Enter User Email
   a. Must be a valid email address
   b. The email address does not appear in the report and is solely used by Check Point internally

3. Enter Country, Company Size and Industry
   a. This data does not appear in the report and is solely used by Check Point internally

4. Select a Company Logo
   a. There is an option to have a company logo on the front page of the report instead of the Compliance Blade logo
   b. Select Browse to choose the image file
   c. The selected image is displayed as a thumbnail
   d. To clear the logo and return to the Compliance Blade default logo, select Clear
   e. Select Generate to run the report
Viewing the Report

1. The report opens in the application window

2. To save the report to PDF, click on the PDF icon in the top left corner and enter a file name
3. The report opens automatically in a PDF format
4. To open the report in the web browser, click on the “Open in Browser”

Benchmarking Statistics

In order for Check Point to provide you with benchmarking analysis of your data, please copy the generated Excel file and send to compliance@checkpoint.com or your SE. These files are protected by Check Point’s confidentiality agreements. No identifying information in these files will be shared with third parties.
